<p>4. What are the aims of the service?</p>	<p>West Lothian Council is committed to working with people and communities of West Lothian; we aim to enhance the quality of life. We provide directly and in partnership with others, a comprehensive range of quality and valued services. Our services aim to meet people’s needs and aspirations on the basis of fairness and equality.</p> <p>In line with our mission statement our aims are to:</p> <ul style="list-style-type: none"> • Enhance the independence of residents. • Provide the highest possible standards of care to promote the ethos of our care facilities.

<p>5. Who can use the service?</p>	<p>Our primary purpose is to provide quality care home services for people aged over 65 who are no longer able to live in their own home due to physical or mental frailty.</p>
<p>6. How do I apply for the service?</p>	<p>Limecroft provides a permanent home with care as well as a number of short stay (respite) places. Admission is made by contacting your nearest social work team. Your doctor, district nurse, community psychiatric nurse or ward staff may contact the social work on your behalf.</p> <p>The social work team will take all your details. Arrangements will be made for a care manager to visit you to carry out an assessment of your needs. Should we agree that you require care, you can visit our care homes and choose which care home you would prefer. If there is a vacancy an admission date can be arranged. If no vacancy is available, your name will be placed on the waiting list for the care home of your choice. In this event, you may be offered a temporary place at another care home.</p> <p>To apply for an assessment, ask at any of the following offices:</p> <ul style="list-style-type: none"> • Livingston Social Work Centre ☎ 01506 777777 • Bathgate Social Work Centre ☎ 01506 776700 • Broxburn Social Work Centre ☎ 01506 775666 • St.John’s Hospital Social Work Team ☎ 01506 422767
<p>7. What is an assessment?</p>	<p>We can visit you to discuss what your needs and wishes are and how we can help you with them. The assessment may take just one visit or it may take some time to complete. In most cases an assessment must be carried out before any services or support are recommended. Most people now receive a single shared assessment – with your agreement, health and council staff working in partnership can share information to make it easier for you and to improve communication.</p> <p>The purpose of the assessment is to look at the support you receive and to determine your needs. It takes into account your own situation – family, housing, social life, leisure activities, your age, health and any support already in place.</p> <p>We can also carry out a separate assessment of your carers on request.</p>
<p>8. What happens next?</p>	<p>IT’S YOUR HOME: If you move into Limecroft it becomes your home and you will be encouraged to have a say in the way it is run. Residents and staff have regular meetings giving you the opportunity to air your views about anything that affects your life. This could include meal menus, entertainment, outings etc.</p> <p>Friends and relatives are welcome to visit at any time and they are invited to offer views and comments about ways in which we can improve the services we offer. We can help or advise you if you wish to complain.</p> <p>STAFFING: In Limecroft, care is provided 24 hours a day. You will have a named worker and staff to help when necessary with your needs. Your named worker will discuss your support needs with you to help draw up your personal plan.</p> <p>ACTIVITIES: Limecroft has an activity leader who supports residents’ activities, promoting mental, social and physical wellbeing. This includes in-house entertainment and arranged outings.</p>

Our hairdresser makes regular visits.</p>
<p>9. How much does it cost?</p>	<p>There are no charges for information and assessments. We can often help you claim extra welfare benefits to pay for the support you need.</p> <p>The cost of living in a care home depends on your own financial circumstances. The care manager carries out a financial assessment before admission to determine the level of charge you will have to pay.</p>
