**Subject:** Objection to H-BL 6

Dear Sir

I received a letter regarding a proposed development H-BL 6, South of Craiginn Terrace.

I have tried to access details on the West Lothian web site; however, there is no plan listed. This should be rectified as a matter of urgency as the plan should have been available from 12th October.

Based on the drawing supplied I object to the proposed development as this is a green field site and planning permission should not be granted.

The properties bordering the proposed development, including my property, are all bungalows and I would strongly object to any property other than bungalows being built in the neighboring sites, due to loss of privacy.

Yours Sincerely

Dr Nigel Todhunter
