A. EXTENT AND INTERPRETATION

1	<p>The purposes of these Standing Orders are:</p> <ul style="list-style-type: none"> • to ensure that uniform contracting procedures of the highest standard are laid down for use throughout the council; • to secure competition and compliance with the law with respect to all contracts; • to ensure the council obtains best value in its procurement and contracting; • to provide a framework for detailed Corporate Procurement Procedures which can be made by Senior Officers under delegated powers; and • to afford protection to the council and its staff
2	<p>The Council makes these Standing Orders in terms of section 81 of the Local Government (Scotland) Act 1973. Section 81 requires the council to make Standing Orders with respect to the making of contracts by or on behalf of the council both for Works and for the supply of goods and materials. Such Standing Orders must include provision for securing competition for such contracts and for regulating the manner in which tenders are invited by the council. Section 81 also gives the council the power to make, if it chooses, Standing Orders for contracts for the supply of services, as distinct from the supply of goods and materials. These Standing Orders also cover contracts for Works and Services, including health and social care services.</p> <p>The Health and Social Care partnership is the name of the umbrella partnership body through which the council and NHS Lothian Health Board co-operate and work together to deliver health and social care services in West Lothian. It takes in delivery of Adult and Older Peoples Services, Children's Services, Criminal and Youth Justice service as directed by the West Lothian Integration Joint Board and the delivery of children's services under direct control of the partners. On 24 April 2012, the Council approved a separate process for health and social care services contracts and decided that approval of contracts covered by the West Lothian Health and Social Care Partnership, which are health and social care services, covered by the schedule in the Procurement (Scotland) Regulations 2016 should be devolved to the Responsible Officer and approval granted with advice and assistance from the Health and Social Care Contracts Advisory Group (CAG). Such contracts are treated differently in public procurement legislation and are of a particular nature where the needs of service users are of over-riding importance. Where applicable, these standing orders make provision for Health and social care contracts to be governed differently and the Corporate procurement procedures provide further information on the procurement and reporting arrangements.</p>
3	<p>These Standing Orders must be interpreted and applied in accordance with the key principles of transparency, equal treatment, non-discrimination and proportionality.</p>
4	<p>These Standing Orders apply to all contracts made by or on behalf of the Council, on or after 6 October 2020, for the procurement of the execution of works, the supply of goods and materials to the Council, and/or for the provision of services, including health and social care services. Where the tender process to make the contracts began prior to the 6 October 2020, the previous Standing Orders will apply.</p>
5	<p>The Standing Orders are subject to the over-riding provisions of public procurement legislation. Officers must also have regard to statutory guidance when using the Standing Orders.</p>

6	<p>Section 81 allows the council to exempt any contract from this requirement for competition where the council decides that it is satisfied that the exemption is justified by special circumstances. However, this exemption from competition can only apply to contracts where the aggregated Estimated Contract Value, for the same procurement requirement, is less than the relevant regulated procurement spend threshold under the applicable public procurement legislation. Even in some of those cases, consideration is still required about the appropriate method and extent of advertising or publicity. These Standing Orders contain procedures for the granting of such exemptions.</p>
7	<p>The Standing Orders must be read in conjunction with (and all Council staff must comply with) the Scheme of Delegation, the Council's Financial Regulations and Corporate Procurement Procedures.</p>
8	<p>Public Procurement legislation regulates the making of contracts by the council. The legislative framework seeks to ensure that public sector bodies such as the council award contracts in an efficient and non-discriminatory manner. It sets out general duties for public bodies to follow and more specific duties for specified types of procurement activity. Public Procurement legislation set out the procedures to be followed at each stage of the procurement process leading to the award of contracts above certain financial spend thresholds (regulated spend thresholds) for works, goods and materials and services, including health and social care services, by the council and other public bodies. They take account of techniques such as e-procurement and the provision of framework agreements, as well as the extent to which sustainable procurement and social, economic and environmental issues can be considered during the procurement process.</p> <p>Public Procurement legislation makes provision to exclude some types of spend from its scope and although, grant funding received by the Council, as a grant recipient, may be subject to public procurement legislation when the Council spends it, grant funding paid out by the Council to grant recipients is not subject to public procurement legislation so falls outwith the scope of Standing Orders.</p>
9	<p>In addition, the Local Government in Scotland Act 2003, section 1 requires the council:</p> <ul style="list-style-type: none"> • to secure best value in the performance of its functions; • to balance the quality and cost of the performance of its functions and the cost of council services to service users; • to have regard to efficiency, effectiveness, economy and the need to meet equal opportunity requirements in maintaining that balance; and • to discharge its duty to secure best value in a way which contributes to the achievement of sustainable development. <p>The council has adopted a Best Value Framework to ensure compliance with the relevant legislation and statutory guidance. The Framework applies across the council to all services and areas of activity and is of particular relevance to the procurement process, as part of making the decision to procure goods, materials, services, including health and social care, and works from external providers and in seeking to achieve Best Value procurement. In making decisions about procurement and in applying these Standing Orders, officers must have regard to and comply with that Framework. Best Value procurement is a process that considers and returns more than just best price. It is a process that takes account of the whole life cost of buying products, services or works.</p>

	Best Value includes financial and non-financial elements such as time, administration, sourcing and benchmarking.
10	The council's Scheme of Delegation to Officers sets out the powers which have been delegated by the council to senior officers. Subject to certain general conditions set out in this Scheme, such as the requirement to follow council policies, the day-to-day running of council services is delegated to the Chief Executive and Depute Chief Executives, and also to Head Teachers under the council's Scheme of Devolution of School Management. These senior officers are also authorised to delegate any of their authority to other officers under their direction and who are appropriately qualified and experienced. This means that, in the context of the making of contracts on behalf of the council, the Chief Executive, Depute Chief Executives, Heads of Service, as well as Head Teachers, must ensure that those officers whom they authorise to perform procurement functions and tasks on their behalf have sufficient training, knowledge and experience to determine compliant and relevant procurement issues and are aware of the extent and limitation of their delegated authority. Regardless of any delegations by them, the final responsibility for ensuring compliance with all applicable regulation's rests with the "Responsible Officer". The Responsible Officer for all types of procurement by the council is currently the Head of Corporate Services.
11	The Responsible Officer will: - <ul style="list-style-type: none"> • ensure compliance with these Standing Orders; • determine disputes amongst officers engaged in the procurement and contracting process and procedures in accordance with clause A.15, below; • ensure that the award of any regulated contract applying to services is advertised within the relevant legislative timescales and contract award notices published; • include the details of regulated contract awards in the annual statistical returns and Annual Procurement Report to the Scottish Government; • add details of the contract awards into the council's corporate contract register; and • comply with provisions of Standing Orders in relation to delegation and training of officers, procurement strategies, use of standard terms of contract, use of the Corporate Contract Register, use of framework agreements and collaborative arrangements, contract monitoring, and reporting to committee and Policy Development and Scrutiny Panel.
12	All officers exercising delegated powers in relation to procurement and contracting functions must comply with these Standing Orders, with the relevant Procurement Procedure as approved by the Head of Corporate Services, and with the Employee Code of Conduct. They must also be aware of the provisions of the Bribery Act 2010 and the Councils Anti-Money Laundering Policy in relation to giving or accepting a financial or other advantage and the potential for personal and corporate criminal liability. Any failure in or disregard of these requirements may amount to gross misconduct or misconduct under the council's Disciplinary Code and may result in disciplinary action.
13	The council's Scheme of Delegation to Officers applies to the signature of contracts. Simple electronic signatures may be used where appropriate. The council's Corporate Procurement Strategy sets out the framework by which the council will ensure it maximises effective service delivery and the provision of best value for money.

	<p>The Strategy is aligned to the pursuit of the Scottish Government’s national performance framework and the Sustainable Procurement Duty. It requires, in particular, the use of a Contract strategy template as defined, and updated from time to time, in the Corporate Procurement Procedures.</p> <p>These Standing Orders should be read in conjunction with the relevant Corporate Procurement Procedure and in the context of the Corporate Procurement Strategy.</p>
14	<p>Amendment or replacement of these Standing Orders requires a decision of full council or committee, except that:</p> <ul style="list-style-type: none"> • The Head of Corporate Services, in consultation with the Chief Solicitor, may make minor administrative changes required from time to time to any part of this document without reference to committee (arising from, for example, changes in legislation or changes in management structures); or • The Head of Corporate Services, in consultation with the Chief Solicitor, may revise and amend this section “(A) – Extent and Interpretation”, and the documents comprised in the Appendices.
15	<p>Any dispute arising from the application, operation or interpretation of these Standing Orders and Corporate Procurement Procedures shall be resolved by a decision of the Responsible Officer after discussion with the appropriate Head of Service and after consultation with the Chief Solicitor, Head of Finance & Property Services or Governance Manager, as appropriate to the nature of the dispute.</p>
