	Description of work: My electric shower stopped working. Simon identified that there was power getting to the shower, but that it was the pull string unit that was not working.			
	Comments: When I called, Simon was very friendly and kind enough to agree to come out that day. Once he had identified what was wrong he nipped out to go and buy the part and came back and fixed the unit for me. He was very friendly, professional, informative and helpful. I would have no hesitation in getting him out to do other work and I would recommend him to anyone.

Replace and rebuild kitchen sink waste pipes.</p> <p>Comments: A simple leak due to incorrect trap and the fitting of a flexible waste pipe meant that the whole sink waste system had to be replaced with new. Firm contacted on Friday and plumber (Dave) arrived at the agreed time on Monday (8:30). Job assessed. Dave had to go and get new trap and replace old system in total. Job was carried out in one hour. Excellent work, quick and professional service provided. Work area cleaned up after job completed. No hesitation in employing firm again.</p>
