SUPPLEMENTARY GUIDANCE

(SG) - DEVELOPER OBLIGATIONS FOR GENERAL INFRASTRUCTURE FOR SITE DELIVERY
(excluding transport and education infrastructure, cemetery and public art provision)

THE ENVIRONMENTAL ASSESSMENT (SCOTLAND) ACT 2005

SCREENING DETERMINATION UNDER SECTION 8(1)

West Lothian Council has determined on 21 August 2020, in consultation with Historic Environment Scotland, the Scottish Environment Protection Agency and Scottish Natural Heritage, that Supplementary Guidance 'Developer Obligations for General Infrastructure for Site Delivery (excluding transport and education infrastructure, cemetery and public art provision)' is unlikely to have significant environmental effects when considered in relation to the criteria set out under Schedule 2 of the Act. It has therefore been concluded that Strategic Environmental Assessment (SEA) is not required. No environmental report will be prepared alongside the Supplementary Guidance relating to 'Developer Obligations for General Infrastructure for Site Delivery (excluding transport and education infrastructure, cemetery and public art provision)'.

Copies of the Screening Determination and the reasons for these conclusions are contained within the Screening Report which can be viewed at www.westlothian.gov.uk

Documents can also be requested by emailing wlldp@westlothian.gov.uk
