Factors Influencing the Improvement Plan

**School factors**
- Addressing Action Points identified in school’s Self Evaluation procedures
- Cluster Improvement Plan
- Consistency in learning and teaching, implementing recommendations of *Improving Scottish Education*
- Flexible early learning and childcare implementation

**Local authority factors**
- *Moving Forward in Learning – Leadership for Improvement; Learning, Teaching and Assessment; Wellbeing and Inclusion; Early Years Framework*
- Raising attainment, including closing the gap
- Better Outcome agreement
- Single Outcome agreement
- Corporate Plan
- Integrated Children’s Services Plan (Life Stages)
- Education Services Management Plan
- West Lothian’s Early Years’ Framework
- West Lothian Parental Engagement Framework
- Raising attainment including closing gap
- Increased entitlement to early years’ provision

**National factors**
- National Improvement Framework / Scottish Attainment Challenge / National Improvement Hub / Raising Attainment for All
- *How Good is Our School? 4th Edition and How Good is Our Early Learning and Childcare*
- OECD recommendations
- Getting it Right for Every child (GIRFEC)
- Curriculum for Excellence
- Developing Scotland’s Young Workforce
- Building the Ambition
- National Qualifications
- Child Protection Issues / Guidance
- National Legislation: Children and Young People (Scotland) Act 2014
- GTCS standards and professional update
Our Vision

Our School Values, Vision and Aims:

Vision Statement

School Aims:

1. Learning and Teaching
   • To ensure a broad and balanced curriculum that provides young people with the best possible learning opportunities and experiences.
   • To ensure that all learners are able to realise their potential through the promotion and recognition of achievement and excellence.
   • To provide the highest quality of learning and teaching experiences that enable young people to enjoy their education and develop positive attitudes towards learning.

2. Vision and Leadership
   • To ensure a clear direction for the school which is shared by and involves all stakeholders
   • To promote, encourage and provide opportunities for leadership at all levels

3. Partnership
   • To provide effective support systems for all learners which promote personal and social development and underpin academic achievement?
   • To build and maintain effective partnerships between the school and its parental body, external support agencies and its wider community.

4. People
   • To provide pupils with opportunities to develop knowledge and understanding in relation to their duties and responsibilities of citizenship in a democratic society.
   • To promote an ethos of self-evaluation for all leading to whole school improvement

5. Culture and Ethos
   • To provide a welcoming, safe, caring and healthy environment in which each learner is valued and supported.
   • To improve the quality of educational experiences for learners through a programme of continuing professional development for all staff.
   • To ensure that all learners are able to experience a calm, positive and safe environment that promotes good behaviour, self-discipline and respect for others.
Our Aims

Leadership and Management

- To foster an ethos of effective partnership working with school, home, partner agencies and the wider community to empower our children.

Learning Provision

- To create a safe and enjoyable learning environment where children and staff can thrive and succeed and each individual’s uniqueness is celebrated.

- To develop a progressive and challenging curriculum, which develops skills for life-long learning, which is meaningful, relevant and enjoyable.

Successes and Achievements

- To ensure the best possible outcomes for all our learners

</thead>
</table>
| 2015/2016   | To work collaboratively both in school and across the cluster to implement progression pathways/refresh programmes in all curricular areas. To improve knowledge and understanding of the principles and practice of curriculum development, leading to enhanced learning experiences for all learners. | • Staff have consistent understanding of standards through continued moderation of literacy/numeracy, within school and across the cluster  
  • All teachers demonstrate improved understanding of curricular principles, practices and significant aspects of learning  
  • Use of national expectations, progression pathways and national resources ensure that the curriculum reflects the key principles  
  • Meaningful outdoor learning opportunities continue to be further developed to provide motivating and stimulating contexts for learning |
| 2016/2017   | Excellence through raising attainment and achieving equity – Learning Provision        | • Staff have a clear understanding of high quality learning and teaching for numeracy. Effective learning environments are consistent throughout the school.  
  • All teachers demonstrate improved understanding of curricular principles, practices and significant aspects of learning for numeracy.  
  • Children’s attainment in maths increased and pupils demonstrate an increased positive approach to learning in Maths.  
  • Use of national expectations, progression pathways and national resources ensure that the curriculum reflects the key principles.  
  • Parental engagement and family learning opportunities are planned for to increase involvement of parents with school life and impact positively on children’s learning. |
| 2017/2018   | Excellence through raising attainment and achieving equity – Self-evaluation for self-improvement  | • Learners will be increasingly supported through using a variety of learning and teaching strategies.  
  • A quality body of evidence is used to support assessment judgements and decisions about next steps  
  • Nurture principles will be shared and used throughout the school  
  • Improve shared understanding of CfE levels through effective and collaborative moderation of standards  
  • Intelligent analysis of data available and other information about learners informs planning for learning and identifies appropriate universal and targeted interventions  
  • The broad general education will be further developed and staff will be more confident in delivering aspects of the curriculum |
|            | Excellence through raising attainment and achieving equity – Learning Provision        | • Thematic approaches to self-evaluation for self-improvement enhance learning and teaching practices and approaches to cross-curricular, inter-disciplinary and discrete subject teaching  
  • Strategies which continue to improve attainment in literacy and numeracy will be implemented  
  • Strategies to improve early learning will be further identified and implemented |
|            | Family learning programmes increase parental engagement in pupil profiles and provide families with programmes to support children’s learning at home |
**Priority 1: EXCELLENCE THROUGH RAISING ATTAINMENT AND EQUITY**

**Area for development: Raising attainment in numeracy ensuring equity for all learners**

| Children’s attainment in maths is increased and pupils demonstrate an increased positive approach to learning in maths  
By 2019 90% of all learners will achieve expected levels of attainment within maths and numeracy | All learners will have access to high quality teaching and learning opportunities, including progression for pictorial to concrete to abstract strategies (SEAL)  
Co-ordinated approaches to high quality staff training through effective implementation of SEAL, Number Talks, Maths working walls and Numicon.  
• Introduce and implement enhanced progression pathways, incorporating SEAL approaches, for Early, First and Second Levels  
Effective cluster moderation enhances teacher’s professional judgement in standards and expectations  
• Co-ordinate cluster moderation and assessment opportunities with a focus on maths  
• Dedicate time for professional dialogue to moderate children’s progress  
• Introduce and implement curriculum progression tracker overviews  
• Analyse teacher judgement and adaptive testing information to identify trends/improvements for sharing practice  
• Identify and track progress of able learners, ensuring appropriate pace and challenge  
High quality learning and teaching will be quality assured and evaluated through using the learning walk approach, within all schools, across the cluster  
Raising the profile of numeracy and maths through using literacy as a focus for developing transition projects and master classes | All staff  
Cluster HT and lead learner  
All staff | Aug - Oct  
Cluster HT | Resources suitable to support high quality learning and teaching.  
Concrete materials  
Numeracy themed books  
Cluster training opportunities-  
CAT sessions  
In-service days | Senior Leadership Team  
Quality Improvement/self-evaluation activities including  
• classroom observations,  
• learning rounds,  
• professional dialogue,  
• discussion with staff/learner  
• monitoring of planning and pupil work  
Planning meeting minutes  
/ Support for Identified interventions | Cluster HT group  
Focus team evaluations  
HT / DHT evaluations  
Pupil/Staff evaluations |
| Enhanced opportunities for assessment and moderation support teachers to make confident judgments about achievement of Curriculum for Excellence levels in Numeracy | All learners develop increased mathematical resilience through a more positive mind-set leading to fully engaged in numeracy | All staff  
Engage staff in professional reading, research, discussion and observation of effective pedagogy in maths  
Develop approaches to improving growth mind-set in maths through practitioner enquiry using research material from Jo | Oct- Nov | Mathematical Mindsets’ book – Jo Boaler | SLT / All staff  
Quality assurance of profiles / moderation of profiles |

| and maths                                                                       | Boaler  
Enhance learner’s conversations and their ability to reflect on learning in maths through planned profiling experiences  
Implement Number Talks across the school to ensure thinking is visible and children show a more developed confidence in mental agility  
Targeted groups of individuals to be identified for Number Talks interventions | Number talks resource for each level.  
Collegiate WTA sessions for planning and discussing | Number talks resource for each level.  
Collegiate WTA sessions for planning and discussing | Learner’s conversations with members of SLT on maths  
Planning meeting minutes / Support for Identified interventions  
Pupil/staff evaluations                                                                                                      | Learner’s conversations with members of SLT on maths  
Planning meeting minutes / Support for Identified interventions  
Pupil/staff evaluations                                                                                                      |
| Digital literacy will be further embedded in mathematics through the appropriate use of apps and Sumdog | Implement and use effectively Sumdog across the school  
Examine the use of appropriate apps in mathematics and numeracy | Aug - Jun   | CAT time   | Sumdog resource for each level.  
Use of Meraki                                                                                                                   | Planning meeting minutes / Support for Identified interventions  
Pupil/staff evaluations                                                                                                      |
| Families will be more able to support and engage with their children’s learning in numeracy | Establish a programme of family learning events including:  
- I-count, I-spend, I-save, I-solve open afternoons  
- Family learning festival with a focus on numeracy  
- Create a cluster online sharing space for numeracy  
Create support materials for parents to use with their children at home | Cluster HT group  
September 16 – May 17 | CAT time   | Staff meetings  
Resource booklets                                                                                                           | All staff  
Parent/Pupil/staff evaluations  
(Impact on learners and families)                                                                                             |
| The curriculum is further developed and refreshed across all curricular areas providing rich, meaningful and progressive experiences for all learners | Implement draft curricular programmes and action plans based on PLG cluster developments. See additional tasks for detail.  
Continue to review and refine curricular programmes, gathering evidence of impact linked to professional enquiry.  
Use annotation and exemplification of levels as further guidance | PLG  
Cluster CAT sessions x 4  
CLPL  
Collegiate planning meetings                                                                                                 | PLG Staff/pupil evaluations  
Senior Leadership Team Quality Improvement/self-evaluation activities including  
- classroom observations,  
- learning rounds,  
- professional dialogue,  
- discussion with staff/learner  
- monitoring of planning and pupil work                                                                                       |

**Evaluation (linked to challenge questions within HGIOS4 / HGIOELC)**

1.3 To what extent are our tools positively impacting on staff and improving outcomes for learners?
What positive impact has our planning for continuous improvement had on outcomes for children and families?

2.3: Learning, teaching and assessment
How confident are we that all learners experience activities which are varied, differentiated, and active and provide effective support and challenge?
How well do we motivate and engage all children? How can this be consistent for children every day?

How well do our questioning strategies enhance the learners experiences and enable higher order thinking skills?

How well do we deploy a wide variety of innovative and creative resources and teaching approaches, including digital technologies?

How effectively do we involve learners and parents in planning and evaluating learning?

2.5: Family Learning
Are outcomes for children improving as a result of their participation in family learning? How do we know?

How is family learning improving their capacity to learn?

3.2 How well is assessment information used to inform teacher judgements? How do we know this is consistent?

How effective are our approaches to tracking progress and achievement? What needs to improve?

All learners experience high quality learning and teaching evidenced through quality assurance activities.

Appropriate digital technologies become embedded in maths lessons

Learners and parents are further involved in planning through the profiling process

Increased involvement of parents in family learning events

Positive feedback from parents analysed to inform next steps

All children are able to verbalise and explain their strategies leading to increased mental agility

All children are excited and motivated by the challenge of maths.

Use of the online sharing space.
- QA calendar and evaluations
- Planning and Attainment meetings – 3 per session with SLT and 3 with stage partners (dates in annual calendar)
- Staff engagement in professional reading programme and dialogue (5 sessions on calendar)
- Evaluations of Cluster initiatives (on school CAT calendar)
- Peer support observations and professional discussions
- Tracking and monitoring of teacher judgement (CfE achievement of levels) at Planning and Attainment meetings
- Planned cluster and school learning walks
- Analysis of CEM Adaptive Testing Information (including attitudes to learning
- Observations of learning and teaching (including work sampling and pupil focus groups.)
## Priority 2: EXCELLENCE THROUGH RAISING ATTAINMENT AND EQUITY

### Area for development:
Raise attainment through further embedding and developing approaches to personalised learning and learning, teaching and assessment processes and practices across the school. Creating a nurturing, positive and respectful whole school ethos that supports high quality learning and teaching.

**Evaluation (linked to challenge questions within HGIOS4 / HGIOELC)**

- How well do we use our community and spaces to deliver high-quality outdoor learning and opportunities?
- How well does our indoor and outdoor space support creativity, curiosity or inquiry?
- How confident are we that all learners experience activities which are differentiated, active and provide effective support and challenge?
- How well does our curriculum planning meet the needs of different groups of children?
- How well do our questioning strategies enhance the learners experience and enable higher-order thinking skills?
- How well do we apply the principles of planning, observation, assessment, recording and reporting as an integral feature of learning and teaching?
- In what ways does information from profiling and personal learning planning ensure continuity and an appropriate pace of progress in learning for all children?
- How well do we make use of a range of valid, reliable and relevant assessment tools and approaches to support the improvement of children and young people’s learning?
- How well do we record, analyse and use assessment information to identify development needs for individual learners and specific groups?
- How do we ensure that processes for planning, assessment and reporting/processes for tracking and monitoring are manageable and effective in improving learning and teaching?
- How well do we enable all children and young people to engage in self- and peer-assessment to improve their learning? How do we know this benefits learning?

- All learners experience high quality learning and teaching
- All learners experience a supportive and nurturing learning environment.
- Pupil learning needs are identified and supported well.
- Data is used effectively to further children’s learning
- Assessment is embedded within the learning and teaching process
- Self- and peer-assessment is used effectively
