	Description of work: Complete new en-suite - removal of old suite, walls stripped and filled, fill and tape ceiling, install new extractor, fit new suite, and adjust plumbing so suite is floating, all tile work.			
	Comments: WOW - blown away with my new en-suite, and we are hard to impress. Throughout the process Morgan was clear and advised us on the best way to approach the layout, always allowing us to decide what we wanted. He remained patient and answered my numerous questions and never made me feel awkward. Derek was also fantastic and work as a great team. Very tidy workers and worked so hard until job was complete. Cannot thank them enough.

Trader response: On both occasions the woman (not an actual customer) was notified as approx. appointment times are given. When I'm running significantly late I'll make people aware which I did in the first instance. When you actually work on the tools and manage everything things are tight for time. On the second occasion when you're emailed before you're even meant to be at the appointment. I'm afraid no one wants difficult customers as I'm not a difficult tradesman as my feedback shows, actually the opposite ...
