

Do you need support?

The Tenancy Support Officer will complete a support assessment with you and discuss what support may be required and complete an action plan of support needs.

This may include assistance in completing benefit claims, attending appointments, managing correspondence, and completing housing applications.

In addition, you may benefit from being referred to partner agencies who can provide specialized support. This may include agencies such as the Advice shop, health services, social policy and employment advisor.

What happens next?

Once a referral is received, an officer will contact you directly to arrange a visit to discuss your support requirements, and agree on a support plan tailored to your needs.

The officer will provide the support and meet with you on a regular basis completing a review of support needs every 3 months to make sure the correct support is in place.

If you are homeless and living in temporary accommodation, support can continue until there has been a permanent housing outcome and you have settled in your new home.
